

Lecture Schedule of Human Ecology II (FY 2009)

All the classes will be given by external lecturers as either a lecture or reading assignment class (language=English). Topics include various fields of human ecology and environmental health such as nutrition/obesity, population, behavior, chemicals and health, environmental risks, and environmental conservation.

Those who are interested in taking this course should contact with Dr Umezaki (umezaki@humeco.m.u-tokyo.ac.jp) by October 30 so that we can arrange the materials for reading assignment. If you have any questions, contact with Dr Umezaki or Professor Watanabe (chiho@humeco.m.u-tokyo.ac.jp).

Time: Wednesday, 10:00-16:00 <with lunch break>

Place: Room E604 in the Annex of No. 3 Building of Medical Faculty

<Schedule>

November 18

Dr Jun YOSHINAGA (Graduate School of Frontier Sciences, University of Tokyo)

“Heavy metals in our environment: exposure level, source, and health risk” [lecture]
